

## **Healing Heat Therapy Wrapped Up In Soft Fleece**

Our Fleece Horse Blanket does double duty. Made of plush fleece and infused with our state-of-the-art ceramic fiber, this blanket reflects your horse's natural body warmth and creates a soothing far infrared thermal heat. Horses with tired, sore, back or shoulder muscles or cold-backed horses experience immediate relief with this soft heat therapy. Ideal for injury recovery or prevention.

The lush fleece material keeps out chills and dries your horse quickly after a ride. This eye-catching blanket can be worn alone or used as a liner in colder temperatures. Includes two chest buckles, crossing belly surcingles, and a tail flap. Sizes (in inches): 72, 75, 78, 81, and 84. Color: Black. Machine washable up to 90° F or 30° C. Use normal detergents that do not contain bleach or fabric softeners. Air dry only, do not tumble dry.

Back on Track products are not to be compared with magnetic therapy. The effectiveness of Back on Track's thermal heat therapy has been established by medical science. For more information see <http://www.backontrackproducts.com/studieshorse.html>.
